

PROCEDURES FOR TAKING A PUPPY HOME FROM BEARPOINT

*You have placed a deposit with us for a puppy from a particular litter. Once the puppies are born you are notified of the birth. At this point we determine if there is a puppy for you. If sex or color, (yellow or black) is not what you put your deposit down for is not available then your deposit gets rolled to the next available litter.

*Once the puppies are 5 weeks old I welcome anyone to come see them. You would call and set up a day and time with Brenda. I will try and accommodate everyone as best as I can.

*Once the pups are between 6 & 7 weeks of age I will contact everyone on the list to discuss a schedule for picking and taking your puppy home. I will first talk to the 1st person on the list for the female's, then 2nd person and so on. And do the same for the male deposits.

*Once the puppies are 8 weeks old, (not a day before!) they will start going home with you. If that day happens to be on a week day, I will try to send them home anyway. It all depends on everyone's schedule's not just mine. Please be patient with me as I have all the people on the list to consider for a day and time that works for them. And please be considerate of everyone and try and adjust your schedule for picking up the puppy as close to 8 weeks as possible. Everyone is excited about taking their puppy home.

*I will schedule everyone at least an hour apart. **Please, please** be on time for your set day and time. Please allow for traffic etc. I realize things happen, if you're early you may need to wait for person ahead of you to finish. If you're late you will have less time to pick the puppy.

Get directions off of our website!!! GPS WILL NOT FIND OUR LONG DRIVEWAY.

*If you are flying in to pick your pup and flying back please let me know ahead of time as I will need to schedule for health papers. In this case of you flying with your puppy back home, you will make the flight arrangements.

*If we (Bearpoint) are picking the pup for you and flying it to you, then we will make the flight arrangements. Obviously working with you on a good day. For this I have to have the name of person actually picking up the puppy, this is very important cause if you are not on the airway bill you will not get to pick up the puppy!! Here is what I need for a flight:

*Name, Address, Good phone number to reach someone while puppy is in flight. You need to give me two (2) choices of airports. They have to be main airports, cannot fly a puppy into a small one.

Cost to fly a puppy to new owner:

*Depends on where to begin with, but you will pay for airfare, crate, and health papers. Average cost to ship a puppy is \$430.00.

*Once you come and pick your pup we will definitely help you fit the right puppy for what you will be doing with that pup.

*Pups will not see a live bird before they are 12 to 15 weeks of age. We do play with them with a wing.

*All of our dogs are very birdie and carry strong pointing genes. Next step after they go home and how that pup turns out will be what you do with that pup.

*We do offer puppy classes to you to help you put your pup on live birds. Ask us about that when you come and get your puppy.

*Puppies will be eating **Loyall Puppy 31/20**, a **Nutrena** blend of food. I have them on puppy food when you take your puppy home. They should stay on this until 4 to 6 months of age.

At which time they should go to the **Large Breed puppy 27/15** or **Loyall Life Large**

breed puppy 28/18 Please read our guarantee regarding food requirements. This food can be bought at Murdoch's, Big R stores or any Ag. Related or Feed store. **The Petsmart, Petco's do not sell it.** We will give you at least 2 to 3 days worth of food at pick up day. We cannot sell the bags of food to you. **And please do not over feed your puppy!**

Murdoch's has the new grain free Loyall Life Large Breed Puppy, this is a great food!! Try and get it.

You will start off feeding your new Puppy 3/4 to 1 cup of food twice a day, with warm water. Increasing as needed. Be careful not to get them over weight.

Also, we do what is called AKC Puppy Protection Program. With this program your puppy will be registered in your name. The microchip will be registered in your name also. You also receive 60 days FREE health insurance with this. Much more comes with this package. I (Brenda) will do all the paperwork for you. I just need your information and what you are naming the puppy. A \$217.00 package that only cost you \$75.00 and I do all the paperwork for you. We will collect the \$75.00 on all puppies purchased on delivery of Puppy.

Also anyone from Colorado will be required to pay Sales Tax of 4%.

Please also refer to our guarantee for more info on what "Bearpoint" requires with the pup.

Thank you for coming to Bearpoint for your puppy.

If you have any questions or concern please do not hesitate to call or email.

Thanks Again

Brenda Merritt
